

Cadishead Primary School Home Learning Grid

Date: Friday 8th May 2020

Year 2

All children should complete the following 3 activities weekly.

Reading

Please continue to read regularly at home - read to a grown-up and share as many books as possible together.

What else have you been reading?
Have you been reading comics, magazines, cookery books or newspapers?
Keep a list in your reading diaries of everything you read this week.

Times Tables

Practise your times tables daily.
10x 2x 5x 3x

Venn diagrams

Have a look at the Venn diagram teaching and practise activities on this website

<https://www.teacherled.com/iresources/charts/venns/>

Spellings

Look, cover, write, check.
Daily spellings practise from the Year 2 common exception words list (in your home-learning pack).

Practise spelling all the days of the week and all the months of the year.

Try out as many of the activities below as you can. You can decide how you wish to present your completed tasks.
We'd love to see how you're getting on - send us a message or a picture on Dojos anytime.

Research it !

Last week you researched your favourite animal. This week we would like you to research a modern day environmental conservationist - David Attenborough. When we were looking at the life of Charles Darwin we would have compared his work with David Attenborough but sadly we couldn't do this in school.
Who is he?
When was he born?
How old is he?

Maths challenge

Today is VE day. 75 years since the end of the war in Europe.

How many different ways can you make 75 using the four number operations (addition, subtraction, multiplication and division or/and a mixture)

Fractions

We covered fractions in

Healthy Living

Plastic.

One of David Attenborough's great passions is cleaning up the seas and oceans.

What is plastic doing to the sea?
What is it doing to the animals in the sea?
What is single use plastic?
Can you do look around your home and see how much single use

Create it!

What art work can you produce linked to plastic ?
Using a plastic milk bottle or a pop bottle what can you make?

Let your imagination run.....
But if you can't think of anything here are a couple of ideas to start you off.

Family Time

Building a den using a table, a clothes maiden or if you have one a big cardboard box, some cushions and a sheet. Let your imagination run wild and pretend to go camping or try to keep warm inside your very own igloo.

If you've got a torch don't forget to make some animal shadows too.

Decorate the outside of the den with felt tips, glitter paint or anything you can think of.

Date: Friday 8th May 2020

Year 2

What is he famous for? What is he passionate about?
Watch Blue Planet one of his most famous programmes.
Are there any other modern day conservationist who are busy looking after our world?

class but we think you may need to revisit them.
Can you look at fractions of shapes - halves of cakes or pizza.
Fractions of numbers - what is the quarter of a punnet of strawberries.
How often do we use fractions in our everyday lives
How can you record these?

Don't forget to look at;
 $\frac{1}{2}$, $\frac{1}{3}$, $\frac{2}{3}$, $\frac{3}{3}$, $\frac{1}{4}$, $\frac{2}{4}$,
 $\frac{3}{4}$, $\frac{4}{4}$.

plastic you can find?

Can you draw a poster to educate people about the dangers of single use plastic?
